- Javascript : 70%
- Html / Css : 97%
- Python : 67%

In my 3-years journey as a professional Web & Software Developer, I have acquired a comprehensive skill set and in-depth knowledge that positions me as a valuable asset for any project. My commitment to excellence is evident in every aspect of the design process, from initial discussions to collaborative implementations.

As a self-motivated individual, I boast outstanding research and communication skills, complemented by a proven ability to develop and implement effective ICT resource strategies and policies. My IT proficiency extends beyond software development, encompassing database management and mastery of MS Office and Excel. With advanced typing skills, I am adept at handling tasks independently and thrive in team environments, showcasing a talent for multitasking and meeting stringent deadlines.
